

BRABUS SHADOW 1000 · 2025 · 10 GUESTS

Vinci III

1,000 HORSEPOWER, THE COAST ON FAST-FORWARD

THE EXPERIENCE

Cannes in the morning, Corsica **by noon.**

A 2025 Brabus Shadow 1000, 11.6 metres and twin Mercury Racing 500R engines: 1,000 horsepower that redraw the map of a single day. The islands, the Estérel, a cove spotted the day before, what used to take a full day's passage now fits into a morning. 10 guests aboard, a foredeck given over entirely to sun pads, and complete quiet the moment the throttles come back.

A DAY ON BOARD

Go far, **be back for dinner.**

AT SEA

Twin supercharged Mercury Racing 500R outboards, 60 knots at the top end: the islands are an early-morning run, Corsica a day trip when the weather allows. An Axopar hull drawing 0.85 m opens up coves the larger yachts cannot reach.

ON BOARD

10 guests, a foredeck given over entirely to sun pads, a cockpit shaded by the hard-top and a carbon helm station. Two berths for an afternoon rest or a night alongside.

IN THE WATER

A flush bathing platform, a boarding ladder into the water and a cool box on board: pick the anchorage at noon and the first swim follows within the minute.
